## Dr S C Kulshreshtha

Founder Chairman

Dr S C Kulshreshtha, the Founder Chairman of SRC, is a great visionary and is a person with confidence and benevolence. A clear view for aims and objectives, remarkable foresight, flawless planning and execution, uncompromising pursuit of excellence; along with his trust and prodigious capacity to motivate people make him a great leader.

Under the able leadership of Dr S. C. Kulshreshtha SRC has gained incredible recognitions and received awards from various Ministries of Indian Government, National and International Organisations. Recently he was awarded by Shri Yogi Aditya Nath, the Honourable Chief Minister of Uttar Pradesh. SRC Family is very fortunate to have Dr. Kulshreshtha as torch bearer and hope that his leadership will continue to guide and inspire the future generations at SRC.

A  
Institution with great opportunities  
where you can shape your career

## Our Vision

To provide a distinctive combination of academic excellence and professional relevance to enable the students to match international standards.

## Our Mission

To provide value enriched high quality education at an affordable fees and enhance the intrinsic abilities of our students by grooming their personalities so that they may fulfill the demands of today's dynamic world.

## Our Objectives

- To bring SRC to the forefront in academics on an open world map.
- To build a conducive environment for promoting excellence in teaching and research.
- To create a better world by cultivating values in pupils' lives, both personally and professionally.

# Our Visionaries

## From the desk of the Founder Chairman

Dear Students,

Being the patron of SRC, it gives me an immense pleasure in offering a warm welcome and extending an invitation to you to join the ever expanding family of SRC.

As an educationist, I am aware of the ground realities and challenges ahead of us and the complexities of the modern professional education in the fast changing scenario of the world. Therefore, we provide result oriented knowledge which should expand the horizons of students. Consequently, our endeavor is to enable our students to face any eventuality in their lives confidently. For this purpose, apart from the state-of-the-art facilities, we provide an environment conducive to high quality research work and development programmes with emphasis on the overall development of the personality of each student.

We are committed to keep our students well-educated about the latest trends in the education sector and corporate world. A number of experts, specialists, professionals and academicians of high repute from renowned institutions and the corporate world are invited for interaction with students so as to strengthen their conceptual foundations, sharpen their intellect, widen their knowledge and improve their communications skills.

My message would be incomplete without complimenting my faculty, staff and students who are working relentlessly in cohesion towards the vision of global quality standards. We, at SRC work and live as a family and hope that your stay with us will be more comfortable, fruitful and memorable.

I welcome you to the SRC family.

(Dr. S. C. Kulshreshtha)

## From the desk of the Secretary

Dear Students,

Since globalization of Indian economy, the world has witnessed a sea change in the socio-economic scenario. New challenges are emerging that need to be addressed at a fast pace. Therefore, professional and technical education have gained momentum to cater to the perpetual needs of the corporate sector.

Shri Ram College has made its presence felt by committing itself to be a part of this transforming environment by a holistic vision to serve the national and global corporates with its state-of-the-art facilities, highly committed and motivated faculty and visionary leadership.

Transformation is a never-ending process; so our aim is to always provide the latest quality education which, in case of a professional institute it means a system that effectively and pragmatically combines theory and practice in order to ensure both perfection and relevance.

I wish you great success in life.

(Er. Sankalp Kulshreshtha)

# Realm of SRGC

To cater to the needs of professional education, highly qualified academicians, prestigious bureaucrats and renowned industrialists under the leadership of the eminent educationist Dr S C Kulshreshtha formed "Shri Ram Charitable Trust" with an aim of promoting quality education at an affordable fees. In a short span of fifteen years, the family of SRGC has grown tremendously and currently has approximately 15000 students & members. This clearly reveals that SRGC has emerged as the most sought after group of colleges and is growing in popularity at a high pace. SRGC is proud of its expanding family.

Today the Shri Ram Group of College (SRGC) has the following colleges in Muzaffarnagar city:

## \*Shri Ram College

(Affiliated to CCS University, Meerut & Approved by UGC, NCTE)

Offers PG courses - MSc Biotechnology, MSc Microbiology, MSc Computer Science, MCom, MEd, MPed, MJMC, MF A in Fashion Designing, Clothing & Textile, Applied Arts  
Offers UG courses- BSc- CBZ, BSc- PCM, BSc Biotechnology, BSc Microbiology, BSc Agriculture, BSc- Home Science, BPES, BEd, BPEd, BCA, BBA, BCom, BJMC, BF A & BVoc- Yoga

## \*Shri Ram College of Engineering

(Affiliated to AKTU Lucknow & Approved by UGC, AICTE, COA)  
Offers BTech in CE, EE, ME, ECE & CS

## \*Shri Ram School of Management

(Affiliated to AKTU Lucknow & Approved by UGC, AICTE, COA)  
Offers MBA, MCA

## \*Shri Ram School of Architecture

(Affiliated to AKTU Lucknow & Approved by UGC, AICTE, COA)  
Offers BArch

## \*Shri Ram College of Pharmacy

(Affiliated to AKTU, Lucknow & Approved by UGC, AICTE & PCI)  
Offers- BPharma & DPharma

## \*Shri Ram Polytechnic

(Affiliated to UP Board of Technical Education, Approved by AICTE)  
Offers - Polytechnic Diploma in CE, EE, ME, ECE & CS  
ITI courses - Electrician, Machinist, Welder, Turner & Fitter

## \*Shri Ram College of Law

(Affiliated to CCS University, Meerut & Approved by UGC, BCI)  
Offers- LLB, BALLB & Bcom LLB

## \*Shri Ram Girls' College

(Affiliated to CCS University, Meerut & Approved by UGC)  
Offers PG Courses - MSc Food & Nutrition, MSc Clothing & Textile, MSc Home Management  
Offers UG Courses - BSc Home Science

# Infrastructural Facilities

**Eco Friendly Lush Green, Pollution Free & Beautiful Sprawling Campus**

## Campus

SRC has three campuses in Muzaffarnagar with lush green, pollution free, beautiful environment sprawling over a large land of 42 acres. The architectural value of the SRC campuses is at par with the best educational campuses in the region. The buildings of SRC are aesthetically designed, continually kept up-to-date, providing a layout that encourages interaction.

SRC has been attracting bright and young talent with diverse background who are desirous of career in different educational fields from all parts of the country. There is also a perfect blend of experience and youth creating an ideal platform for creativity and maturity.

## Lecture Halls

At SRC air conditioned lecture halls are ergonomically designed to impart high quality education and to have a dynamic learning process. Well furnished theatre and stylish lecture halls facilitate students in their academic endeavours whilst the modern 24x7 wi-fi campuses enable students and faculty to keep in touch with the internet at all the time in their quest of knowledge.

## Green Energy

SRC has always laid emphasis on promotion of Green Technology in its campuses. 200 KW Solar Energy System which fulfills the entire energy requirement of the campus supported by 240 KW generators.

## Green Toilet

With the assistance from Japan International Cooperation Agency all toilets are provided with Taftguard Technology whose naturally purified waste water is used in irrigating Lawns & Gardens

# Library

Reading Hall

e - Library

Reading Hall

## e - Library and Information Services

The library is a vital resource and it serves as a nerve center for all the students' pursuits. SRC's computerized, impressive libraries comprise of a vast collection of carefully selected books, journals, periodicals, newspapers and compact discs. The libraries have in stock, more than 1,75,000 books and over 450 subscribed journals and magazines.

SRC strives to continue to develop it with extensive holdings and contemporary methods of information access that support both faculty and methods of information. SRC libraries are housed in spacious halls comprising with the reference room and stacking hall with large reading room space. SRC libraries has extensive collection of books, magazines and provide for soft reading material DELNET software facility is also available for online access to eminent library of the country.

SRC libraries have rich collection of reference books including dictionaries, the saurus, encyclopedias, handbooks, proceedings, data bank etc.

SRC also publishes a journal namely "Prabandhan Guru" prepared by Department of Management. Digital Library Suite containing over 200 server based learning resources.

**Vast collection of books, journals, periodicals and compact discs  
More than 35,000 books and over 250 journals and magazines**

# Computer Centers

## State-of-the-art Computer Centers

The computer centre plays a critical role in the development of skills of both the students and faculties. SRC is equipped with a state-of-the-art computing facility with more than 900 Computer Systems with latest hardware & software configurations. SRC is committed to provide the best computer education. Keeping this in mind, it is the first Group in the city to establish Wi-Fi campuses connected with each other through wireless networking.

It also provides all relevant latest software packages to enable the students to work on data analysis, text processing, simulation, information management, computer aided designing, computer aided software engineering, data base management, web development, system analysis and software development, preparing each student for the professional job market. Round the clock internet facilities, connectivity through optical fiber with 50 Mbps and RF link gives students more opportunities to know the world and enhance their wisdom at a greater speed.

## Fibre Optic Connectivity

Fibre optic communication has revolutionized the telecommunications industry. It has also made its presence widely felt within the data networking community as well. Using fibre optic cable, optical communications have enabled telecommunications links to be made over much greater distances and with much lower levels of loss in the transmission medium and possibly most important of all, fiber optical communications has enabled much higher data rates to be accommodated.

SRC provides fibre optic network for connectivity, supporting data rate upto 1Gbps. Also 24x7 Wi-Fi facility is available throughout the campus.

**First institute in the region to develop Wi-Fi campus**

# Sports Facilities

## Sports

Sports activities strengthen mental fitness just as much as they strengthen physical fitness and agility. Hence, we encourage our students to develop and exhibit their sports talent; not just excel in sports but also to evolve as fit and energetic professionals. Keeping in view the above objectives of the overall development of students, various sports and physical development activities are encouraged amongst students. To enable students to enjoy sports, the campuses are equipped with lush green playgrounds for hockey, football, handball, cricket along with separate courts of badminton, basketball, tennis, volleyball, kho-kho, kabaddi, athletics (track and field), hall for table tennis,

## Gymnasium

Along with mental fitness, emphasis is also laid on physical fitness. SRC is the only institute in the city to have a fully well equipped and modernized, 24-stations multi gymnasium, equipped with the latest equipments like joggers, vibration seats, incline-decline benches, aerobics mats, weight lifting sets etc. Thus, at SRC, students have wide options to choose from a range of sports activities to ensure that they stay healthy enough to cope up with stress.

# Laboratories

## Other Facilities

Auditorium

### Auditorium

A special state-of-the-art air conditioned auditorium has ultramodern facilities including latest audio-visual presentation facilities and interactive interface, with a large seating capacity, where seminars, annual functions and co-curricular activities are organized.

### Conference Hall

Well equipped, air-conditioned conference hall with the latest audio visual presentation techniques and interactive interface for group discussions, presentations and management development programmes.

### Cafeteria

Beautiful and spacious cafeterias are operative within the campuses, where students get a lot of relaxation and enjoy their free time. The cafeterias serve hygienically cooked meals, snacks and beverages at highly subsidized rates.

### Transportation

College buses are available on all the routes in and around the city at highly subsidized rates on monthly basis.

### Lift Facilities

SRCC provides lift facilities for the first time in Muzaffarnagar district.

Lift

Transport

Conference Room

Seminar Hall

Lecture Theatre

Cafeteria

## Hostels

### Hostel Accommodation

Hostel facilities are also provided separately for boys and girls with all modern amenities and recreation facilities for outstation students pursuing different courses at SRC.

We offer well ventilated accommodation within the college premises. Hostel is equipped with modern amenities, basic furniture, Indoor Games etc. to ensure a comfortable stay.

The hostel fee is charged per annum, which may be paid in two installments at commencement of each semester. The hostel fee includes boarding, lodging, mess charges and other services and facilities except laundry services.

At SRC, our primary focus always remains on learning whether inside or outside the classroom. A slew of facilities are being provided to students to make learning more easy.

#### Highlights of hostel are:

- Rooms are with attached toilets in European Style.
- Rooms are well furnished with separate beds, wardrobes and study tables.
- Green Toilets with Tufgard technology for waste management.
- State of art dinning hall with 200 seating capacity.
- Hygienic and delectable food.
- High speed Wi-Fi Connectivity 24 hours.
- Entire Hostel is under CCTV Surveillance.
- Emergency Medical Facilities available 24x7.

## Sister Colleges of the Group

## Training & Placement Cell

SRGC has a very active and dedicated Training & Placement Cell, which is being operated under the supervision of the Training & Placement Officer. It provides best career options to the students through an active interaction with extensive resources. Placement Cell works closely with the corporate world to provide employment opportunities to SRGC students. The institute also provides additional skills enhancement support to the students. Besides maintaining active contacts with the industries. SRGC has close links with placement agencies to ensure good placement.

SRGC prepares its students for placement & training by

- Regular training sessions by experts
- Mock interview conducted under experts guidance
- Regular aptitude & language test
- Development of effective verbal and written communication skills
- Development of presentation skills, regular group discussion.

One of the biggest strengths of any organization lies in its faculty members. SRC is overwhelmingly rich with its qualified faculty members who are experts in their fields. The faculty members have distinguished academic achievements in different related disciplines and are actively involved in teaching, training, research and consultancy. Our faculty is driven by the philosophy of knowing which resources are to be blended and in what proportion to mould each student's individual capacities to the optimum level. We are fully aware that high quality teaching plays a key role in inculcating a stance towards life long learning. We impress upon the faculty members to be friend, philosopher guide of the students, besides the student-teacher relationship.

## Tours and Excursions

Various educational as well as recreational tours are also organized to give students exposure to geography, history, culture, customs, tradition and also the technological development of our country, Tracking and mountaineering events are also arranged in inhospitable terrain to develop the skills of crisis management among the students.

## Social Service

On the humane side, SRC helps society by arranging various activities like pulse polio camp, tree planting, blood donation camps etc.

These camps and drives act as a bonding force between our students and the well being of society. We organize childcare camps, in which we provide free medical consultancy, diagnostic services and medicines to the poor and needy people. SRC has also adopted a village for rural upliftment and awakening with the objective of making a model village for developing rural India.

## Creative Spirit

Creativity is the mother of all sciences. At SRC, the students can enhance their talents and explore their creative instincts by participating in activities like designing posters, organizing rangoli making, mehendi competitions etc.

## Financial Assistance

Various scholarships and freeships are offered to meritorious and financially challenged students at the time of admission. Special fee concessions are available for girls. Medal and cash prizes are awarded to students and faculty for academic excellence.

## Academic Publications

The Editorial Board, through its various circulations, is responsible for disseminating knowledge and information on diverse aspects which are achieved through the Magazine and Journal viz. "Prabandhan Guru" managed by student members of the Editorial Club under the guidance of faculty members. It aims at bringing out the hidden talents and creativity of students and faculty who present their views and analysis on a wide gamut of topics by giving them the ideal opportunity to broaden their horizons. Apart from this, we invite articles from the corporate sector and academicians also.

## Come with an idea Go with a Product

Can't we fill the gap between Industries and our Institute? Can't we produce Entrepreneurs from our place? Can't we be recognised by our product in the market and sooner in the country and then in the world. Yes, all these are possible and for the same Innovation involves the process from Opportunity Identification, Ideation or Invention to development prototyping, production marketing and sales. While Entrepreneurship only needs to involve commercialization.

Fabrication is the process that helps in filling the gap between Innovation and Entrepreneurship.

CIFE is a center and a part of Innovation Centre that we have established at SRC where Innovative Ideas will be given shape. This will be an Incubation Centre too. The Center will produce Trained Entrepreneurs bridging the gap between Industries and Institute and will establish a unique identity in this competitive World of Technology

The CIFE programme is divided into three Phases: Innovation, Fabrication & Entrepreneurship. During the First year (or summers break) students are trained to go through the process of Innovation, in the next year the same students are made to go through the process of Fabrication and at last in their third summers, they develop them into skilled Entrepreneur.

### Vision:

To Provide an environment to the Innovators to work upon their ideas, to expertise over them and to follow the path of becoming a successful Entrepreneur.

### Mission:

To create a system that will encourage the spirit of entrepreneurship among youngsters through research, training, testing and incubation leading to the self employment that is really the demand of today's scenario. This year the programme titled "TECHNO-CAMP-2018" was conducted from 22th June 2018- 14th July 2018 In order to inculcate the virtue of Innovation and to bring out the hidden talent of being Innovative from students, what we did was developing certain abilities in the students

- Ability to Learn
- Ability to Decide
- Ability to Innovate
- Ability to Acquire and then Implement Knowledge
- Ability to Lead
- Ability to Manage the time
- Ability to Work in a team
- And so on...

## Innovation Center

Giving Shape to Idea.....

### VISION

The Innovation center provides all facilities for design and development of a product logically imagine by our students. The center also provide fabrication facility including 3D printer technology. Till the product reaches its commercial level production, it is kept under incubation for improving the design, testing at length process of reduction of manufacturing cost to finally bringing into a competitive market.

Innovation and development of product is not enough to transform the skill of students into a real gainful act. Therefore under the leadership of Dr. S. C. Kulshrestha, Chairman SRC, an enterprise, namely, Shri Ram Technologies is established. Students whose products were tested and evaluated on the basis of financial viability are made partners of the firm. The finance is provided by the Trust and Students are getting share in profit apart of their assured salaries.

In the beginning nine students were made partners and eighteen students employed to develop and produce products. Marketing is also done by our students. At present our products includes all types of water level control devices of home automation, different application on LED lamps, tube well operator and many more.

## Tech Fair

In order to find out the hidden talent of Muzaffarnagar City and giving them a platform running on the path of spreading in air of Science and Innovation, Shri Ram College organises Tech Fair with a theme "Innovative India" for the students of Secondary and Senior Secondary level every year. About 200-250 Models from approx 70 Schools and Colleges of in and around of the city participates every year and exhibit their models in the event. Inauguration and Award Ceremony graced done by renowned guests. The Jury included renowned Professors and experts in the field. The event proved to be very successful as a lot of Innovative minds got an Exposure.

The participation was divided in two groups:

Group A- comprised of 9th- 10th standard students

Group B- comprised of 11th- 12th standard students

Models were divided into two categories namely WORKING MODELS & NON WORKING MODELS.

### Sub themes of the exhibition-

- Natural Resource Conservation
- Space Exploration
- Energy
- Disaster Managements
- Science & Society
- Nuclear Science
- Health & Environment

### Attractive Phase of the Exhibition were:

- Cash Prizes for I, II & III position holders in both categories and the groups
- Consolation Prizes for two teams in each category of both groups
- Participation Certificates for all Participants
- Gifts for faculty coordinators from Schools

## Green Toilet Project Collaborated with Govt. of Japan

A new initiative is taken by Shri Ram College for protecting the environment from pollution by introducing the new concept of "Green technology" with the joint collaboration between fastest growing company of Japan named Taisei Soil System and Shri Ram College. The panel includes Mr Himanshu Mishra, Senior Manager Marketing Development (TARA), Mr Yamanouchi Hiroshi OEC, Keinichi Tamoura, Director E-square. Several meetings and discussions were going for initiation of the green technology. A technical team comprised of Keinichi Uchida Manager E-Square also visited the college. In April 2019, the construction work was started in the presence of both the teams. An MOU between Shri Ram College and TaiSei Soil System company was also signed for the successful completion of project. In this session several visit were done by Japanese team to prepare the site for construction.

# Fashion Splash

# Cultural Programme

SRC's cultural society provides a forum for bringing out the hidden talents and creativity of students through various cultural activities such as dance, drama, debates, seminars and other competitions. Culture at SRC is marked by a strong belief of unity in diversity. Our students come from different cultures and religions yet we share the same spirit at the campus. We celebrate all the festivals like Holi, Diwali, Lohri, Eid, Christmas etc.

Collaboration Meeting with Japanese delegation for "Green Technology"

## SRC International Center

SRC has established Shri Ram International Center and has signed a collaboration agreement with Institute of Technology Blanchardstown (ITB), Ireland in 2011. Our core objective behind this is to establish inter-institutional interaction and co-operation in the field of academic qualification, student exchange programme, joint research programme and rendering the endeavour culminating into compatible institution-industry interface globally. ITB is Ireland's newest government owned Institute of Technology established in Sep 1999, with excellent facilities, state-of-art-research Learning & Innovation Center (LINC) and strong student support system with excellent mentoring system for International Students. Another great opportunity for SRC Students is "Earn while you Learn" i.e. part time working opportunity given by Irish Government to the students. Also, we are working together in the field of Fashion with Czech Republic. Furthermore, Our campus is also visited by delegation from Taiwan for studies and project work of our students in Taiwan.

Collaboration Meeting with  
Mary Meary President, ITB, Ireland

45% for others in any discipline  
with Maths at 10th level

# Faculty of Bio Sciences

## About the Course

Science is important but it is more important to take up science as a process and not as a product. Industrial development of countries and improvement in the quality of life of the people are associated with the application of scientific knowledge. The faculty of Bio science is devoted to impart applied knowledge of science, especially in the field of biotechnology & microbiology.

## Future Prospects

Our students get entry into the prestigious institutions such as University of Delhi (DU), All India Institute of Medical Sciences (AIIMS), Jawaharlal Nehru University (JNU), Indian Institute of Technology (IIT) etc for their study at master level. Many of our postgraduate students qualified national fellowship programmes including UGC-CSIR-NET, DBT, ICMR, GATE etc. The department regularly invites eminent scientists and academicians to deliver seminars on current topics. A career in Biotechnology and Microbiology offers a variety of excellent works in various sectors at national and international level. Bright job opportunities are available in research and development sector, pharmaceutical companies, quality control and various biological productions industries. The students may also pursue their carrier as genetic engineer, bioprocess engineer, molecular biologist, microbiologist, virologist, research associates, research assistant, lab assistant etc.

## BSc Biotech

(Bachelor of Science- Biotechnology)

### Duration & Affiliation

Three year full time programme affiliated to CCS University, Meerut

Entomology  
Pathology  
Vegetable Production  
Field Crops  
Live stock Production  
Silviculture and Agro forestry  
Animal Nutrition  
Food Technology  
Medicinal  
Aromatic Plants.

# Faculty of Basic Sciences

## About the course

Technology is the name we use to describe all the fun things we build using our knowledge to make our lives better and it is the main result of the application of the sciences. Without the application of science there would be no artificial light or heat other than by burning resources such as wood directly, no long distance communication without getting or lighting signaling fires and no medicine at all except by sheer fluke. Basic Sciences help us to explain, how pre-existing things function or why things happen? In this department, students will learn about Sciences (Physics, Chemistry, Mathematics, Zoology, Botany) by the experts & highly qualified and experienced teachers.

## Future Prospects

After doing BSc, students can enter in every field of higher education, technical, non-technical, research field etc. and also get a better job everywhere in the industries.

## Main Paper

- Botany
- Zoology
- Physics
- Chemistry
- Mathematics

# BSc-Agriculture

(Bachelor of Science- Agriculture)

## Duration & Affiliation

Four years full time programme affiliated to CCS University, Meerut

## Eligibility

10+2 pass with Science/ Agriculture with 50% marks

# BSc

(Bachelor of Science)

BSc - Physics/ Chemistry/ Mathematics  
BSc - Chemistry/ Botany/ Zoology

## Duration & Affiliation

Three years full time programme  
Affiliated to CCS University, Meerut

## Eligibility

10+2 pass with Science

## Faculty of Fine Arts

### About the course

Bachelor of Fine Arts degree is not merely limited to learning the tricks of making paintings and sculpture. It consists of an in-depth training in the fields of fashion designing, textile designing and applied arts. The scope includes such important aspects as forming and managing of companies, knowledge of balance sheets and financial aspects, production and marketing of art products, making and developing designs through computer programming, production management and a study of market trends. Thus the BFA degree provides huge opportunities to students for high profile careers in the diversified fields of fashion, textile designing and commercial arts. The programme aims at preparing students for creative and applied responsibilities in the world of art and design. Education programme of the fine arts is based on the principles of Indian and Western traditions. Emphasis is laid on the individual creativity of the students so that they can create new art forms.

### Future Prospects

The students can pursue their career as entrepreneurs by forming their own business organizations such as advertising agency, textile design workshop, beauty parlour, interior designers, creative art studio, garment factory, fashion showroom, photo studio, printing press etc. They may also work as fashion designers, textile designers, freelance artists etc. With the advancement of technology and a growing global economy, the basic concepts and meaning of fine arts has been dynamically changing. Nowadays, fine art is performed not only as a hobby or passion but it definitely fetches good career opportunities too.

## MFA

(Master of Fine Arts)

MFA - Applied Arts  
MFA - Fashion Designing  
MFA - Textile Designing  
MFA- Drawing & painting

### Duration & Affiliation

Two years full time programme  
Affiliated to CCS University, Meerut

### Eligibility

BFA/ MA - Drawing/ BA - Drawing  
with 45% marks for SC/ST  
& 50% marks for others

## BFA

(Bachelor of Fine Arts)

### Duration & Affiliation

Four years full time programme  
Affiliated to CCS University, Meerut

### Eligibility

10+2 with 40% marks for SC/ST  
& 45% marks for others

## Faculty of Journalism & Mass Communication

Participated in National Student Film Festival, Mumbai

Won Best Documentary Award

# MJMC

(Master of Journalism & Mass Communication)

### Duration & Affiliation

Two year full time programme affiliated to CCS University, Meerut

### Eligibility:

Graduation with 40% marks for SC/ST & 45% marks for others

### About the course

Bachelor of Journalism and Mass Communication is a three years undergraduate course and Master of Journalism and Mass Communication is a two years graduate course. BJMC was started in our college in 2008 and MJMC in 2016. Both are affiliated to CCS University, Meerut. Courses are further divided into six and four consecutive semesters respectively. The main objective of the course is to make the participant understand the ways through which one can communicate his ideas among masses. The courses include external projects by which the students get the exposure to various professional domains such as news dailies, radio, television, journals etc. Upon completion of the course, the candidate gets a concise and clear picture on diverse aspects of journalism, advertising, and communication. The course of study helps one to get either into the profession of journalism or other media professions such as public relation officer, content research and creation, media planning and so on.

### Future Prospects

Graduate and Post Graduate courses help the candidates to acquire theoretical and application information on various areas related to journalism and mass communication. The courses act as a basis for higher study options, such as doctorate level programs in Journalism and Mass Communications. This helps the candidate to build up a challenging career in media sector with lucrative salary packages. The same allows opportunity to travel and make contact with a lot of admired personalities.

# BJMC

(Bachelor of Journalism & Mass Comm)

### Duration & Affiliation

Three years full time degree programme  
Affiliated to CCS University, Meerut

### Eligibility:

10+2 with 40% marks for SC/ST  
& 45% marks for others

# Faculty of Education & Physical Education

## About the course

Education open up the minds and hearts of people so that they may communicate and live in harmony and peace. Academic institutions are true temples of learning to serve humanity through knowledge, wisdom and values, while the role of teachers is to impart quality and up-to-date knowledge and to understand the difference as well as the psychology of the students. A teacher with effective teaching skills can make the learning process effective, interesting, energetic and goal oriented. The aim of this course is to impart teachers' training in order to provide teachers of high caliber and innovative attitudes for social development and to develop an understanding of the psychology of their students. This course also develops aesthetic sensibilities and research in education.

## MEd
